1.56 UV++
PHOTOCHROMIC LENSES

4TH GEN Grey

Clear Indoor · Fast Photochromic · Sun Protective

CLEAR BASE | UV+ SHIELD | DUAL USE

Ideal for Office, Social & Commute

4th Gen New Upgrade

FOUR CORE ADVANTAGES

Smooth indoor-outdoor adaptation

Superior Fading

Adapt seamlessly to daily light-changes from outdoors to indoors.

Full UV Protection

Blocks UV rays, reduces bright-light and road surface glare.

Rapid Fade Recovery

Quickly clears after going indoors to restore sharp natural vision.

Tailored for Hot Summer

Stable performance under heat, reliable tinting outdoors in midsummer.
